One of the things I have been most impressed about since I became Mayor is the willingness of many of our citizens to become involved in making our great city even greater. Naming names would lead to an oversight as so many individuals have made efforts. However, whether it is participating in our new second Sunday concert series, new 5k races, city beautification efforts, participating in our Uniting Neighbors programs, July 3rd and other community programs, or the many other ways citizens have been involved, you are making a difference.

I appreciate the efforts of our City Council, Planning Commission, Emergency Preparedness Coordinator, Parks and Trails Board, Board of Adjustments and especially our wonderful Youth Council. I am always impressed with their desire to work to make our city a great place to live. Special thanks should be given to our city staff for their dedication and professionalism in providing the services we so often take for granted.

There have also been many citizens who have voiced opinions on various issues that have come before the Council. Consensus will rarely be the case with any issue and there have been, as would be expected, differences in opinion voiced on many issues. I congratulate you who have voiced your opinions for being willing to be involved. I appreciate that these opinions are typically well thought out, but I have been most impressed with the courtesy and civility with which this input is usually provided. None of us will always have his or her own way, and we will often feel that what we perceive as unassailable logic is being ignored. Participating respectfully in the debate, however, is virtuous, whether we are in the minority or majority. I am convinced that as we all continue to be involved and work together as a community, we will keep North Salt Lake the great city that we all love.

PS. Don't forget to be involved as we update the City's Master Plan.

JULY 2ND CELEBRATION

July 4th Celebration

Once again the City will be sponsoring a July 4th Celebration that will be held on July 2nd. There will be a lot of yummy food, games and live music, as well as sky divers and hopefully a KC-135 flyover. Fireworks will begin after 10:00 p.m. You can begin putting out your chairs and blankets after 6:00 p.m. Please let the golfers finish playing before putting your things out in that area. Also, please remember that no tents, barbeques or fireworks are allowed. Thank you for your cooperation. Come and join us for an evening of fun and patriotism!

All candidates must be a current registered voter of North Salt Lake City.

REGISTER TO VOTE
If you have moved since the last election, you will need to register to vote for your new location. Registration forms are available at the City office or in the white pages of your phone book. Don't procrastinate and pass up your privilege and opportunity to vote!

DO YOU KNOW A VETERAN?

American Legion Post #79, Bountiful, will break ground on 11/11/11 for an updated memorial honoring all men and women from the South Davis County area who have served in the Armed Forces of the United States of America.

Since many of these individuals have passed on or moved out of the area, your help is needed in gathering names of those who deserve to be recognized.

If you know the name of someone who should be included in this honor, or you would like to support this effort with your time or a monetary donation, please contact the legion by phone or email. More information can also be found at our website:

FREE WATER CHECK!

Want a customized irrigation schedule for your landscape? Want to know what type of soil you have and how to make your irrigation system more efficient? Get a free water check and you will learn how to efficiently water your landscape so you can have an attractive landscape and save water and money!

Free Residential Water Checks:

A water check is a series of tests on the irrigation system, performed by Weber Basin Water employees, to determine how much water the irrigation system is putting out (precipitation rate) the infiltration of water into the soil, and the distribution uniformity (evenness of the application of water). The Weber Basin Water employee also checks soil type, root depth and sprinkler pressure. The entire process takes about one hour and the homeowner is left with a customized irrigation schedule and recommendations to better the system.

Free Commercial, Industrial, and Institutional Water Check:

Weber Basin Water employee walks through the entire irrigation system with the landscape maintenance staff. Each irrigation zone is turned on and examined for problems. Once the maintenance staff repairs the problems and tunes the system up, the Weber Basin Water employee will return to do a follow-up walk through and perform catch cup test on enough of the zones to represent the entire system. A report is provided with results, suggestions and scheduling recommendations.

The Water Check Program is a FREE service and is offered from May – August.

To Schedule an appointment call 801-771-1677: in Davis & Weber Counties.

Free Landscape Classes offered by Weber Basin Water Conservancy district: Classes and events are free to the public and are held at the Learning Garden, 2837 E. Highway 193 in Layton. Call 801-771-4374. www.weberbasin.com
