All Alarm Owners
North Salt Lake, UT 84054

Dear Alarm Owner:

The City of North Salt Lake has adopted Ordinance No. 99-11, AN ORDINANCE AMENDING THE CODE OF NORTH SALT LAKE, SPECIFICALLY ENACTING RUGULATIONS FOR BURGLARY AND ROBBERY ALARM SYSTEMS. A copy of this ordinance follows, or you may obtain a copy at the City Administration Building.

Ordinance No. 99-11 provides that a service fee of \$100.00 for commercial alarms, and a fee of \$50.00 for residential alarms shall be charged to the owner of the alarm for each false alarm within a twelve month period that exceeds three (3). Any alarm user that has more than seven (7) false alarms within a twelve month period shall be subject to revocation and shall be guilty of a class "B" misdemeanor.

The Police Department will be responsible to monitor the number of false alarms and the City Administration will handle the accounts. To protect yourself against any of these fees, we recommend you:

1. Have your alarm checked by the installers if you are having false alarms.
2. Train all people who operate the alarm or who have keys to enter the premises.

The Police Department supports you having an alarm and wants you to know we respond to all alarms. When responding to residential or commercial alarms, the Police Department may request that a representative of your residence or business, respond as well. To be assured that your alarm callout information is correct and updated, please complete the attached form and return it to the Police Department within two (2) weeks.

Thank you for your support in helping us respond professionally to your alarms.

Respectfully,

The North Salt Lake Police Department

Office of the Fire Chief

Dear Business Applicant:

On behalf of the South Davis Metro Fire Agency, "Welcome to our business community!"

Your ability to thrive and succeed is of utmost importance to us. To help ensure your success, a "Fire & Life Safety" inspection will be performed prior to your business operation. This inspection can be set up by calling our main office at 801-677-2400 and one of the secretaries will assist you in scheduling an appointment. You may also call Fire Inspector Vanessa Deem at 801-677-2409 or Deputy Fire Marshal Todd Smith at 801-677-2407 to schedule your appointment or have them answer any questions you may have.

We have attached a copy of our inspection form to the back side of this letter to help assist with your preparation for inspection. The following is a list of the most common things found during an inspection:

- Visible address including suite numbers that are visible from the road.
- Lighted exit signs and emergency lighting are in working order.
- Exits are free and clear of clutter and provide ease of exiting without obstruction.
- Fire extinguishers:
 1. Current state inspection tag.
 2. Proper type and placement (call for instructions).
 3. Installed (no more than 5' above floor).
- Electrical: outlets with cover plates; extension cords not for permanent use; and electrical panel access (min. 30"); electrical panel is full and labeled correctly.
- General good housekeeping: aisles and egress exits clear; combustible materials (cardboard, paper, etc.) are minimized; and trash disposed of daily.
- Hazardous materials (paints, cleaning, chemicals, etc.) properly stored.
- Fire hydrants and fire lanes clear of obstructions, including vehicles.

While this list is not totally exhaustive, it will provide you with the most common safety issues found during the inspection process.

Best of luck with your new business venture!

Respectfully,

Todd D. Smith, Deputy Fire Marshal
